Applicant Tutorial

This tutorial includes information about navigating the FoundantGLM online application system including:

Logon Page
Creating a New Account
Email Confirmation
Apply Page
Application Form
Applicant Dashboard
Changing Your Password

Logon Page

You will access the system via the Logon page. New Mexico Arts has provided you with the link to this page, and it is hyperlinked on our website. It’s recommend that you bookmark this page in your internet browser for ease of access. If you’ve already created an account, or been provided with a log-on, you may enter your email and password and log right in. Otherwise you’ll want to click on the “Create New Account” button.

A password retry limit of 15 tries is in place. If at any time, after creating an account, you can’t remember your password, you may click on the “Forgot Your Password” link and enter your email address. You will be sent an email with a link to reset your password.
Creating a New Account

- Creating a new account is a multi-step process;
  - with the first section collecting Organization Information;
  - the second section collecting User Information;
- After Organization Information has been entered click on the “Next” button.

The next section is the User Information section, or YOUR information.
  - If your address is the same as your organization you may use the “Copy Address from Organization” button to automatically pull the address information from the organization address fields into the address fields in this section.
  - It is very important to note that the email address entered in the email/username field becomes your username in the system.
- Once the fields on the User Information section are completed, click on the “Next” button.
  - Please note that should you need to navigate to previous section in the registration process, you must use the “Previous” button at the bottom of each section in order for the information entered in registration fields to remain intact. If you attempt to navigate to the previous section by using your browser's “Back” button you will lose all registration information entered.
- Once the user's information is entered, click on the “Next” button to create a password.
- Password requirements are listed at the top of the section, so you can create your password accordingly.
- Once the password is created, click the “Create Account” button.
**Email Confirmation**

Upon clicking “Create Account” you will be taken to the **Email Confirmation** page, so you can confirm that you are receiving emails from the system. Follow the onscreen instructions and click the “**Continue**” button to finish the registration process. Now you have an account in this system, and remember, this is an account that you will use for both present and future applications.

---

**Email Confirmation**

You will be receiving emails from this system about your account. To ensure you receive emails from this system we have whitelisted (administrator@grantinterface.com)’ from your spam filter,

[Click Here](#) for a tutorial about removing email addresses from your spam filter.

- I have received the email
- Continue without checking
- I have not received the email

Apply Page

• Now you have an account in this system. Remember this is an account that you will use for both current and future applications.
• Upon accessing the system for the first time, you will land on the Apply page. This page will show you any currently open opportunities that you can apply for, as well as any relevant deadlines or other information related to them.
• You can preview the application without having to save any work by clicking on the “Preview” button. To start a request click on the blue “Apply” button under the opportunity you’d like to apply to.
• You will be taken into an application form.
Application Form

Once in the application, note that your contact information and organization information automatically populates at the top of the form.

- If you’d like a copy of the application, you can click the “Question List” button.
- Once you’ve completed the form, you may click the “Application Packet” button to download a copy of the questions and your responses.
- You may also view your email history.
- To change your organization information, please contact your New Mexico Arts program coordinator.

Next, you will simply work your way through the form responding to the fields.

- Note that any fields with an asterisk are required fields and must be completed prior to submitting an application.
- As you enter your responses in the form, the system will auto-save every 100 characters typed or every time you click out of a field.
- You may collapse question groups as you go, once you’ve finished all of the questions in that group, as an indicator to yourself that you’ve completed that section and to reduce scrolling time.
- Some fields may have character limits.
  - Responses that are longer than the set limit will be saved, but an error message will appear informing the applicant the limit has been exceeded.
    - You will not be allowed to submit the form until the length of the response has been decreased in accordance with the limit.
- File upload fields will only accept one file, per field.
  - Upload fields have size limits.
    - If you attempt to upload a file that is larger than the set MiB limit, you will receive an error message informing you that the file is too large and the file will not be saved.
  - Upload fields may also have file type restrictions.
    - If you attempt to upload a file type in an unaccepted file type acceptable file type you will receive a warning that the file type is not acceptable and you will not be able to upload the file.
    - Once a file has been uploaded, it may be deleted by clicking the red X next to the file name and a new file can be uploaded.
- Even though the system is auto-saving there is still a “Save” button at the bottom of the form.
• When you click save you are taken to a confirmation page so you know the save was successful.
  ▪ If you click "Continue" you will be taken back into the form so you can continue working.
  ▪ If you save and exit the system, you will access the draft of the form from your Dashboard the next time you log in.
    • Pick back up where you left off by clicking “Edit” link to the right of the request.
• When all of the fields are complete, submit the application.
  o If any required fields were not completed, or a response to a text question type is longer than the set limit, the system will not allow the form to be submitted.
    ▪ An error message appears listing the fields that need to be completed or edited.
    ▪ These fields are outlined in red so they are easy to identify as the applicant scrolls through the form.
  o When a form is submitted successfully, you will be taken to a confirmation page.
    ▪ When you click “Continue” you are taken to your dashboard where you can VIEW your submitted request.
    ▪ Note, that once an application has been submitted you can no longer edit it.

Confirmation Page

The Application has been saved.

Please note, that you will be automatically logged out of the system after 90 minutes of inactivity (you will receive a warning message at 80 minutes of the pending “time out”).

New Mexico Arts Page | 7
You may use the Document Viewer to view a list of uploaded documents for your application. Click the “eye” next to the file name of any uploaded document in the application. This will display a list of uploaded documents, including text and images. You can then select, view, and download any file associated with this application.
Applicant Dashboard

- After you’ve submitted or saved your application you can return to your Dashboard by clicking on the “Home” icon link in the navigation menu.
  - On your Dashboard you can view requests that have been submitted,
  - Or you can edit applications that you have saved but have not submitted.
- If your request is approved you may be assigned Follow Up Reports to be completed and submitted through the system.

Panelist Dashboard

- If you are one of our panelists as well as an applicant, the Dashboard will default to your Panelist Dashboard. Here you can access your assigned evaluations and view shared documents.
- Use the Role Selection feature on the upper right hand side, below your name, to switch between your Applicant and Panelist Dashboards.
Changing Your Password

If you wish to change your password, click your name in the top right. This will expand a drop-down menu. If you click “Edit My Profile”, you will be able to change your password. Be sure to click “Save” in the bottom right once you’ve finished.

Note: If you are making a change in Project Director, or Project Director's phone or email, you must inform us in writing. We will then make the appropriate changes in your user account.
