FOLK ARTS APPRENTICESHIP PROGRAM 2009-2010

Post Mark Deadline: December 5, 2008

Purpose: The purpose of the Folk Arts Apprenticeship Program is to maintain the traditional folk arts practiced in New Mexico by contracting with master folk artists to teach their art forms to dedicated apprentices.

Folk arts are the traditional functional and expressive arts passed down informally by people through word of mouth or by imitation within a specific cultural group. Common types of cultural groups are: family, community, occupational, ethnic, or religious. Folk arts reflect the values and world views of the groups that make them, and are a rich and valuable heritage for all New Mexicans.

Eligibility: Master folk artists who have reached a high level of expertise in their art form are encouraged to apply. Apprentices should already have some skill in the art form to be studied and should demonstrate a serious commitment to working with the master artist and in maintaining this traditional art form within their cultural group. It is preferable that masters and apprentices know each other and have worked together before they apply. They may be relatives. For information on whether your art form is considered traditional folk art, please call the Folk Arts Coordinator at the New Mexico Arts office (**505-827-6490 or 1-800-879-4278**) prior to filling out your application. Determination as to whether the art form fits into the category of traditional folk arts will be made by the Folk Arts Coordinator prior to application review by a review panel.

We Fund:

- Supplies, materials, and travel necessary to the successful completion of the apprenticeship.
- Honorarium for the master artist.

We Do Not Fund:

- *Capital expenditures for equipment (budget items over \$100 or with a useful life of over one year.)* This includes items such as looms, musical instruments, carving chisels, and power tools.
- Materials and supplies over and above what is considered necessary to complete the apprenticeship in the time frame allowed.
- Apprenticeships entirely or primarily focused on restoration projects are not eligible in this category.
- Apprenticeships whose primary mission is training others to teach rather than perform or produce art are not eligible in this category.

Priorities: Priority will be given to master artists and apprentices who are members of the cultural group in which their art form developed (such as a cowboy poet who is or has been a working cowboy) and who produce their art specifically for members of their cultural group. Folk arts produced primarily for tourists and collectors outside the culture of the artist are not the priority of the Folk Arts Program, as the goal of this program is to assist communities in retaining and passing on their own heritage.

Other Important Information: Master Artists who have received contracts for two consecutive years must wait one full year before they are eligible to re-apply in this category.

Time Frame: All funded apprenticeships are eligible to begin on **July 1, 2009** and must conclude by **May 31, 2010**. Apprenticeships may begin later than July 1, 2009, but all must be concluded by May 31, 2010 unless granted a short extension by the Folk Arts Coordinator.

Request Amounts:

Short Term: A **\$1,000** honorarium and up to **\$1,000** for mileage and supplies necessary to complete the apprenticeship. A short-term apprenticeship lasts from two to four months and does not require many expensive supplies.

Long Term: **\$2,000** honorarium, and up to **\$2,000** for mileage and supplies necessary to complete the apprenticeship. A long-term apprenticeship lasts five to eight months, during which time the master and apprentice meet at least five times a month (or the equivalent), and requires more supplies.

Application Materials:

- 1) Application Information Form
- 2) Application Questions (Attached)
- 3) Work Plan
- 4) Budget

Required Supplemental Material: Both master and apprentice should submit documentation of their artwork. Failure to submit artistic samples will cause your application to receive a lower score, resulting in your application not being funded. For visual arts and crafts, submit no more than twelve 35mm slides or digital images on CD or DVD (digital media is preferred). Please include information about the slide or image: the name of the artist, the art form, and the date when the work was done, on either page 7 of this application form or on a separate sheet of paper. **(Please note that NO photographs will be accepted.)** For music or storytelling, submit ten minutes of audio on a cassette tape or CD, (a CD is preferred) labeled with the name of the artist and date of the performance. For dance or drama, a ten-minute DVD labeled with the name of the artist and date of the performance is required. **Contact the Folk Arts Coordinator if you need assistance in documenting your work.**

Evaluation Criteria: Apprenticeship applications will be rated on the following criteria and weighted average formula:

- **Artistic quality** (Both Master and Apprentice) - 40 points
- **Dedication** of the apprentice to carry on the art form - 30 points
- **Benefit** of the apprenticeship to the people of New Mexico - 20 points
- The appropriateness of items included in the **budget** - 10 points

Application Review Process:

1. Eligible full applications will be rated and ranked by a Review Panel on the Evaluation Criteria.
2. Panel Ratings and Rankings and Staff recommendations will be reviewed by the New Mexico Arts Commission, funding recommendations will be considered and final contract award decisions will be made in the Spring, 2009.
3. Announcement of awarded contracts will be made in June, 2009.
